## ACCOUNT DISCLOSURES

**Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.**

**1. RATE INFORMATION** — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Share Savings, Youth Savings, Secondary Savings, Holiday Club, IRA, Money Market, Tidal Wave Money Market, Interest Checking, Extreme Checking, and Make Waves Checking accounts, the dividend rate and annual percentage yield may change at any time as determined by the Credit Union's Board of Directors. The dividend rates and annual percentage yields are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period. Money Market, Tidal Wave Money Market, Extreme Checking, and Make Waves Checking accounts are tiered rate accounts. The balance ranges and corresponding dividend rates and annual percentage yields applicable to each tier are disclosed in the Rate Schedule. For Money Market, Tidal Wave Money Market, and Makes Waves Checking accounts, once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account. For Extreme Checking accounts, each dividend rate will apply only to that portion of the account balance within each balance range.

**Extreme Checking** — The Extreme Checking account is a tiered rate account. If you meet the minimum qualification requirements during the monthly qualification cycle of 1) enroll in and receive e-statements; 2) complete ten (10) or more debit card POS or signature based transactions that post and settle to your account; and 3) have direct deposits of at least \$500.00 during the monthly qualification cycle, you will earn the first dividend rate and annual percentage yield listed for this account in the Rate Schedule on balances of \$5,000.00 or less. You will also earn the second dividend rate and annual percentage yield listed for this account on balances over \$5,000.00. If you do not meet all of the minimum qualification requirements during the monthly qualification cycle, the third dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply to the entire balance in the account. The monthly qualification cycle is defined as a period beginning on the first day of the calendar month and ending on the last day of the calendar month.

**Makes Waves Checking** — The Make Waves Checking account is a tiered rate account. You may qualify for a higher dividend rate and annual percentage yield if you meet the minimum qualification requirements during the monthly qualification cycle. To meet the minimum qualification requirements, you must: a) enroll in and receive free e-statements; b) complete 15 or more credit card or debit card transactions that post and settle to your account; and c) have direct deposits of at least \$1,000.00. The monthly qualification

cycle is defined as a period beginning on the first day of the calendar month and ending on the last day of the calendar month. Qualifying credit card transactions include those transactions reflected on your Visa Credit Card statement for the period which closes during the monthly qualification cycle. Assume, for example, that your credit card statement period closes on the 10<sup>th</sup> of the month. For the monthly qualification cycle beginning July 1<sup>st</sup> and ending July 31<sup>st</sup>, those credit card transactions that post and settle during the credit card statement period ending July 10<sup>th</sup> will be included as qualifying transactions. Debit Card transactions may take one or more business days from the date the transaction was made to post and settle to your account. The debit card transactions must post and settle during the monthly qualification cycle in order to qualify for the higher dividend rate and annual percentage yield. If you meet the minimum qualifications requirements during the qualification cycle, you will earn the first dividend rate and annual percentage yield listed for this account in the Rate Schedule on balances of \$15,000.00 or less. You will also earn the second dividend rate and annual percentage yield listed for this account on balances over \$15,000.00. If you do not meet all of the minimum qualification requirements during the monthly qualification cycle, the third dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply to the entire balance in the account.

**2. NATURE OF DIVIDENDS** — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

**3. DIVIDEND COMPOUNDING AND CREDITING** — The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period.

**4. ACCRUAL OF DIVIDENDS** — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account.

**5. BALANCE INFORMATION** — To open any account, you must deposit or already have on deposit the minimum required share(s) in a share savings account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. Tidal Wave Money Market Accounts requires deposits of new money only. New Money is defined as funds not currently on deposit with RadFi Federal Credit Union. For Share Savings and Interest Checking accounts, there is a minimum daily balance required to avoid a service fee for the dividend period. If the minimum daily balance requirement is not met during each day of the dividend period, you will be charged a service fee as stated in the Schedule of Fees and Charges. For Share Savings, Youth Savings, Secondary Savings, Holiday Club, IRA, Money

Market, Tidal Wave Money Market, and Extreme Checking accounts, there is a minimum daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum daily balance requirement is not met each day of the period, you will not earn the annual percentage yield stated in the Rate Schedule. For Make Waves Checking accounts, there is a minimum average daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum average daily balance requirement is not met each day of the period, you will not earn the annual percentage yield stated in the Rate Schedule. For accounts using the daily balance method as stated in the Rate Schedule dividends are calculated by applying a daily periodic rate to the principal in the account each day. For accounts using the average daily balance method as stated in the Rate Schedule, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is calculated by added the principle in the account for each day of the period and dividing that figure by the number of days in the period. If your Secondary Savings or Holiday Club account has a balance less than \$50.00 and no transactions for 12 consecutive months, then your account will be closed and the balance will be transferred to your primary membership share account. If your non-dividend checking account has no transactions for 6 consecutive months, then your account will be closed and the balance will be transferred to your primary membership share account.

**6. ACCOUNT LIMITATIONS** — For Holiday Club accounts, the entire balance will be transferred to another account of yours on or after November 1 and the account will remain open. For IRA accounts, you may not make any pre-authorized, automatic or telephone transfers from your account to another account of yours or to a third party at any time. For each withdrawal from your account before the age of 59½, you will be charged a fee as disclosed in the Schedule of Fees and Charges. Please refer to your IRA Trust Agreement for additional limitations on account transactions. For Extreme Checking and Make Waves Checking accounts, please see section 1 for minimum qualifications that must be met to earn the state APY. For Share Savings, Youth Savings, Secondary Savings, Money Market, Tidal Wave Money Market, Interest Checking, Teen Checking, and Free Checking accounts, no account limitations apply.

**7. FEES FOR OVERDRAWING ACCOUNTS** — Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit card transaction (if member has consented to overdraft protection plan for ATM and one-time debit card transactions), preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Membership and Account Agreement and Funds

Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to the Schedule of Fees and Charges for current fee information.

For ATM and one-time debit card transactions, you must consent to the Credit Union's overdraft protection plan in order for the transaction amount to be covered under the plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the credit union uses to capture the member's opt-in choice for overdraft protection and the Schedule of Fees and Charges.

**8. MEMBERSHIP** — As a condition of membership, you must purchase and maintain the minimum required share(s) and pay a nonrefundable membership fee as set forth below.
