How to make a Payment using Transfers

Follow this guide to make a payment to your RadiFi loan using Make a Transfer.

1.

After logging into Digital Banking, select the option **Make a Transfer** from the menu bar.

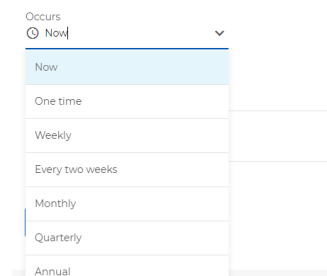

2.

For a new payment, click **New Transfer**.

Note: From here, you can also set up a Scheduled Transfer or add a link to another RadiFi member.

3.

Select the account in the **From** menu that you are transferring the payment out of. The **To** menu will populate after **From** is selected, and will be the account you're tranferring money into.

4.

Once the accounts have been selected, provide the dollar amount and date to be transferred. Click **Review**.
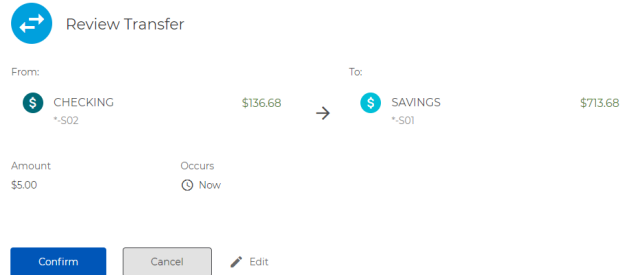

Note: DOUBLE CHECK the Date. You can schedule for now, post-date, or set up reoccurring at this point.
